

Safiya

A Dahabiya Nile Cruise is the most unique, authentic and exclusive way to experience the Nile in elegance and comfort. Dahabiyas are traditional wooden sailing boats with private cabins with ensuite, originally designed to take 19th Century travelers along the Nile in comfort. For those who want to experience culture, history, and relaxation as they pass along the Nile Valley, there is no better way than a Dahabiya cruise.

Safiya

Safiya is composed of 10 suites of nearly 20 sqm each, (including one suite with wheelchair access) and 2 extra cabins to house the tour guides and the staff. Each suite has a private bathroom with a shower and can accommodate up to 3 people (2+1), using the individual sofa bed in each suite, resulting in 20-30 guests at full capacity.

ABOUT SAFIYA

- All suites outside-facing with panoramic windows
- Each of the suites has a private en suite bathroom
- The suites are air-conditioned throughout with individual controls
- Fan
- Complimentary Wifi access (limited access in the suites)
- Generator for electricity
- Laundry Services
- Hot water
- Life jackets
- First Aid Kit
- Safe
- Fire alarm and fire fighting system

ABOUT SAFIYA

- Length: 51 meters
- Width: 8.25 meters
- Crew: 13
- Rooms: 10 suites (including 1 suite with wheelchair access) + 1 cabin to house 2 tour guides
- Passengers: Up to 30 People (including the sofa bed in each Suite).
- Suite total size: 6 m x 3.25 m including the bathroom
- Bathrooms: 1.5 m x 3.12 m

ABOUT SAFIYA

- **Bar:** Soft drinks and tea/herbal drinks/coffee will be available upon request at the bar at tea time.
- **Electricity (Generator times):** The boat is equipped with solar panels and solar heaters that in normal circumstances should provide the minimum electricity for lights, charging electronic devices, running water and hot water. To use the A/C, fan and other appliances, it will be necessary to use the Electric Generator. The Generator will usually be connected as a minimum for 2 hours in the morning and in 2 hours in the evening.
- **Wifi:** There is free WIFI in the common area of the upper deck.

ABOUT SAFIYA

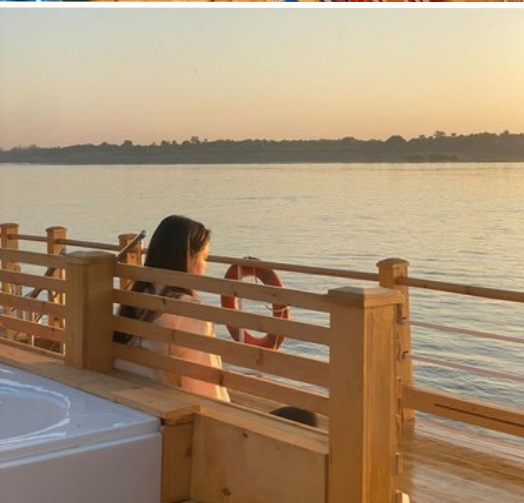

- **Water Dispensers and water bottles:** Dahabiya Nile Sailing is very aware of the negative impact that plastic bottles have on the environment. That's why we provide a refillable water bottle to our guests that can be filled from the water dispensers on the upper deck.
- **Fan/AC:** To the extent possible, in case of need, we recommend to prevail the use of the fan to that of the AC.
- **Fire alarm system:** The Dahabiya is equipped with a fire alarm system and with fire extinguishers in the suites and in the common areas to act in case of fire. In case of emergency, kindly check the evacuation plan/go to the front of the boat/back of the boat (TBC).
- **Jacuzzi:** The jacuzzi can be used upon request
- **Kayaks:** Kayaks will be available upon request
- **Daily Cleaning:** Available upon request
